

## NEW PAYMENT OPTION

### FOR SUBMITTAL APPLICATIONS IN IDT

The City of Franklin has added a new payment option in IDT for E-Checks. By adding this option, we will now **only** accept payments made either by Credit Card or by E-Check through the online IDT system. Paper checks will no longer be accepted. This will include payments for site plans, final plats, rezonings, preliminary plats, land use plan amendments, development plans, Board of Zoning Appeals, and Joint Conceptual Workshop (coming soon) applications. There will be no service fee charged currently for using the E-Check option.

**What is an E-Check?** An E-Check (or electronic check) is an authorization given to IDT (on behalf of the City of Franklin) to initiate an electronic transfer of funds from your banking account to the City's IDT account.

Below is what you see in IDT for the E-Check option. Please contact Susan Coleman if you have any questions regarding payment options.

The screenshot shows a web form titled "Online Payment Form" with a grey header bar. Below the header, there are several labeled input fields, each preceded by a blue circular icon with a white question mark. The fields are: "Payment Method" (a dropdown menu showing "eCheck"), "Bank Name", "Name on Bank Account", "Postal Code on Bank Account", "Bank Account Type" (a dropdown menu showing "Select"), "Bank Routing Number", "Bank Account Number", and "Check Number". At the bottom right of the form is a blue "Submit" button.
